Risk warning

Collective Investment Schemes (unit trusts) are generally medium-to long-term investments. Past performance is not necessarily a guide to future investment performance. Unit trust prices are calculated on a net asset value basis. This means the price is the total net market value of all assets of the unit trust fund divided by the total number of units of the fund. Any market movements – for example in share prices, bond prices, money market prices or currency fluctuations - relevant to the underlying assets of the fund may cause the value of the underlying assets to go up or down. As a result, the price of your units may go up or down. Unit trusts are traded at the ruling forward price of the day, meaning that transactions are processed during the day before you or the Manager know what the price at the end of the day will be. The price and therefore the number of units involved in the transaction are only known on the following day. The unit trust fund may borrow up to 10% of the fund value, and it may also lend any scrip (proof of ownership of an investment instrument) that it holds to earn additional income. A M&G unit trust fund may consist of different fund classes that are subject to different fees and charges. A Collective Investment Scheme (CIS) summary with all fees and maximum initial and ongoing adviser fees is available on our website. The Manager may, at its discretion, close your chosen unit trust fund to new investors and to additional investments by existing investors to make sure that it is managed in accordance with its mandate. It may also stop your existing debit order investment. The Manager makes no guarantees as to the capital invested in the fund or the returns of the fund. Excessive withdrawals from the fund may place the fund under liquidity pressure and, in such circumstances; a process of ring fencing withdrawal instructions and managed pay outs over time may be followed. A Feeder fund may only invest in a single portfolio of a CIS which levy its own charges that could result in a higher fee structure for these funds. Foreign securities including foreign CIS funds may be included in unit trusts. As a result, those unit trusts may face material risks. The volatility of the fund may be higher and the liquidity of the underlying securities may be restricted due to relative market sizes and market conditions. The fund's ability to settle securities and to repatriate investment income, capital or the proceeds of sales of securities may be adversely affected for multiple reasons including market conditions, macro-economic and political circumstances. Further, the return on the security may be affected (positively or negatively) by the difference in tax regimes between the domestic and foreign tax jurisdictions. The availability of market information and information on any underlying sub-funds may be delayed. The investor acknowledges the inherent risk associated with the selected fund and that there are no guarantees. M&G Investments is a member of the Association of Savings and Investments of South Africa.

Fees

The fees that apply for the unit trust funds are set out in the attached Collective Investment Schemes (CIS) summary which is available on our website – www.mandg.co.za/cis-put.pdf.

An Initial Adviser Fee (subject to relevant maximums) and Ongoing Adviser Fee is negotiable between you and your Financial Adviser, for which units would need to be cancelled from your account to pay your financial adviser. An investor may provide instructions relating to the payment of financial adviser fees via the Manager's secure online platform in accordance with clause 73 of the scheme deed of the M&G unit trust funds.

The Manager does not charge an Initial Management Fee. In respect of Class I and X unitholders, the Manager may pay an Annual Standard Adviser Fee to your financial adviser from the annual management fee of the fund. This is set, and is taken into account when the price of the fund is calculated (i.e. part of the standard expenses of the fund). You cannot negotiate this percentage. However, should it no longer be possible for the Manager to pay the annual standard adviser fee out of the annual management fee, the Manager shall be required to pay such fee via the regular repurchase of your units to the extent required to settle the annual standard adviser fee on your behalf.

If you appoint a financial adviser, it is the responsibility of your financial adviser to make sure that you are fully informed of all fees relating to this investment. Your quarterly statement will show the fees applicable for that period. VAT will be added to all fees, where applicable. By signing this document, you give your permission to deduct all fees as shown in the schedule titled "M&G Collective Investment Schemes". Please refer to the Collective Investment Schemes (CIS) summary on our website. All fees may be amended by The Manager from time to time, and in such cases, a notification will be sent to investors. All management fees charged are disclosed exclusive of VAT.

Mandatory Switches within a Portfolio

The Manager shall be entitled to unilaterally switch groups of investors from one class of participatory interests in any portfolio to another class of participatory interests in that same portfolio. The Manager shall only be entitled to switch affected investors upon notice to such investors and provided that the switch does not result in an increase in fees or capital gains tax for such investors. The Manager shall be required to notify investors of its intention to switch such investors, and to the extent that an investor does not consent to such a switch, such investor may notify the Manager accordingly, in which case they shall remain in their current class where the terms and conditions of that class will continue to apply to such investors.

Reporting and pricing

You will receive a quarterly statement with the market value of your investment. Additional statements are available on request. Permissible deductions from the fund include annual asset management fees, share trading costs, MST, auditor's fees, bank charges incurred by the fund, and trustee fees. Units will be bought and sold at the price calculated as described above, as required by the Collective Investment Schemes Control Act and the relevant deed of your chosen unit trust fund.

Transaction cut-off times and requirements

The Manager needs to receive all signed and completed transaction instructions, as well as any required supporting documents and relevant investment amounts, before 1:30pm to use the price for that same day, except for an investor redeeming more than 5% of the total value of the relevant fund (see below Payments paragraph for terms of disinvestment).

No interest will accrue to monies awaiting allocation.

The Manager and M&G Investments shall not be liable for any loss or damage which may result from an instruction (whether given by or on behalf of an investor) not being received by the Manager before the specified cut-off time in order for such instruction to be processed by the Manager on a specific in instances where such delay is caused by the action or omission of an investor, Financial Adviser (if applicable) or person acting on behalf of an investor or by any network or system failure or malfunction in the investor or investor's agent's communication systems.

The Manager and M&G Investments will not be held liable for any loss or damage of any nature as a result of compliance with legislation or an instruction from an authority, occurrences beyond the control of the Manager and M&G Investments, and liquidity constraints.

Investment minimums

There is a minimum market value requirement of R2 000 per fund without an active debit order. If the market value falls below this amount because of a switch, a debit order cancellation or a withdrawal, the Manager has the right to withdraw the market value of the remaining units and pay the proceeds to you, or to charge a transaction fee for balances below the minimum market value amount.

Online additional investments and switches

For online additional investments and switches into new funds submitted via the Manager's secure online platform, the income distribution for these funds will be defaulted to reinvest. This can be changed to pay out on your request.

Payments

All payments will be electronically transferred into your bank account only. No payment to a credit card is possible. Please note that in the case of redemptions, settlement may take up to 48 hours except for below. Investors wishing to redeem units in excess of 5% of the total fund value of the relevant unit trust fund must provide The Manager with at least 7 business day written notice of such redemptions. If this notice is not received, the Manager may treat such redemption as only being received on the 7th business after such instruction has been sent. If, however the amount exceeds 10% of the total fund value the parties shall determine the actual date of withdrawal through mutual agreement between them.

Unclaimed assets

The Manager and M&G Investments reserves the right to appoint an external tracing company to trace investors whose investments have remained unclaimed for 10 years. The investor may be held liable for the costs associated with this appointment.

Amendment instructions

The Manager needs to receive a debit order instruction/amendment in writing before the 20th day of each month to act on the instruction before the 1st working day of the following month. You may cede or assign your investment, subject to a processing cost (if applicable at the time of your cession instruction).

The Manager will only act on signed instructions, which are complete and which appear to be valid. The Manager cannot be held liable for any losses resulting from the above requirements. All e-mail instructions will only be processed on receipt and acknowledgement. If no acknowledgement is received, please contact the investor services department.
